

Nashville Demonstration Organic Garden Community Seed Swap

Thursday - November 2, 2017

11:00 am - 1:00 pm

Howard County Farmers' Market Pavilion

Bring your seeds, cuttings or transplants to share and trade . . . But NO hybrids, GMO's or very old seeds !

We will provide: tables for you to spread out your seeds and blank manila coin envelopes for swapping seeds, pens for people to label the blank envelopes and plastic spoons for seed distribution, and seed-saving tip sheets to give out to newbies.

You should provide: Your own chair! Also, as much information (written!) about each seed variety as possible including variety, history, seed origin, date harvested, growing advice, interesting characteristics, etc. Recipes are great also, especially if the variety is an uncommon vegetable or herb. You are welcome to design and print your own custom labels or envelopes for your seeds and bring your own spoons or scoops for seed distribution.

Please preregister at <https://www.surveymonkey.com/r/G73363J> if you would like a table or just show up to share and swap. To register or for more information, contact Pamela Rayburn at (903) 490-1080.
